

FIREMEN, VOLUNTEERS RUSH HOSE TO TROUBLE SPOT IN LAST NIGHT'S \$200,000 FIRE AT FARMER'S MARKET, WORST HERE SINCE 1945.

Desert Sun Photo

# \$200,000 FIRE RAZES EIGHT SHOPS

## Eight Killed, 50 Injured in Oregon Blast

Explosives Truck Blows Up, Two Block Area Guttled

ROSEBURG, Ore. — (UPI) — A truck containing explosives blew up with a thundering roar in this southwest Oregon city early today and an area for blocks around was devastated by the blast and resulting fire.

At least eight persons were dead. One hospital had at least 35 injured and another 15. In addition many more were given emergency treatment.

THE BLAST DUG a crater about 50 feet across and 10 to 15 feet deep. The hole was filled with two or three feet of water.

A two-block area near the center of the blast looked as if it had been bombed out.

The truck blew up about 2:25 a.m. (p.d.t.) shortly after firemen were called to a blaze at a building supply company. The truck was parked near the building. Firemen said it contained a form of nitrate.

BUSINESS establishments in the immediate blast area were destroyed. The buildings included service stations, a flour mill, one motor company and apartments above it.

Firemen said the blaze was controlled and was confined to an area about five blocks long, and two blocks wide.

Fireman Tony Shuckles said nearly everything inside the fire area was a "mass of coals."

The National Guard was called out and a state of emergency was declared. Fire department from Eugene and Springfield, 75 miles away, were called out to help.

## Ike, Khrushchev

## Camp David Set As Meeting Site

WASHINGTON (UPI) — President Eisenhower is expected to take Soviet Premier Nikita S. Khrushchev to his secluded Camp David retreat in Maryland for informal talks at some point during the Russian leader's visit next month.

This was reported today by well-informed officials who said tentative plans for the Camp David talks are emerging from U. S. Soviet negotiations on arrangements for the Khrushchev visit, which begins Sept. 15.

OFFICIALS SAID Eisenhower and Khrushchev would have a much better chance to get down to brass tacks in a discussion of cold war problems in the relaxed, private atmosphere of the moun-

## IF YOU'RE GONNA GAMBLE, DO IT BEFORE SEPT. 4

A law against gambling of any kind in Palm Springs goes into effect on Sept. 4.

The City Council Wednesday night voted unanimously the passage of a new ordinance which outlaws gambling of all kinds in the resort community.

On the request of Chief of Police August G. Kettmann, the law as adopted to help police enforce both state and local anti-gambling codes.

## Queen Elizabeth Expects Baby Early Next Year

LONDON — (UPI) — Queen Elizabeth expects a baby early next year, Buckingham Palace announced today.

The expected child will be the third for Queen Elizabeth and Prince Philip, Prince Charles, heir to the throne, is 10. Princess Anne will be nine next week.

THE NEW CHILD, if a boy, will take precedence over Princess Anne in line of succession to the throne.

An official palace announcement today ended weeks of speculation that the 33-year-old British monarch was pregnant.

The rumors had started during her Canadian tour which ended last weekend and during which the Queen at one time had to cancel part of her official schedule.

BOTH THE QUEEN and the Duke of Edinburgh always have been anxious to have more children and it was understood they were "very happy" about having another.

The Queen's doctors have stressed that she is in good health.

SURVEYING THE WRECKAGE left in the wake of last night's disastrous Desert Farmers Market blaze, Louis Brewster looks on as Fire Marshal Warren Heath and Fire Capt. Chet Goff prepare to probe the dismal litter for clues pointing to the cause of the mammoth, \$200,000 blaze. Brewster, standing atop the battered sign that

once identified the "Desert Farmers Market," was the operator of Brewster's Bakery, one of eight shops destroyed in the famed resort promenade. Brewster estimated the damage to his shop alone at \$65,000 and unconfirmed sources today said the final damage toll may easily exceed the quarter-million-dollar mark. (Sun Photo).

## U.S. Paddlewheel Satellite Roars Aloft in Test

CAPE CANAVERAL, Fla. (UPI) — A Paddlewheel satellite was hurled into orbit around the earth today in an effort to find answers to the problems facing proposed shots to Venus and Mars.

The satellite, Explorer Six, was propelled into the skies at 7:23 a. m. (p.d.t.) in the nose of a huge Thor Able III rocket. Almost three hours later the National Aeronautics and Space Administration announced in Washington that an orbit had been achieved.

The satellite, containing paddle-shaped fins that are filled with solar cells to recharge its chemical batteries, went into a long orbit that brought it within 140 miles of the earth every 11 hours.

## 99-Year Indian Leases Okeh

WASHINGTON (UPI) — The House Indian Affairs Subcommittee today approved the Aqua Caliente Equalization and Land Lease bills by unanimous voice vote.

The Indian Affairs Subcommittee amended both bills before approving them. It increased to 99 years the term of leases.

The subcommittee also approved a compromise on the amount of Mineral Springs acreage (5.73 acres) that can be omitted from the equalization program.

## SUIT THREATENED ON COLLEGE SITE

PALM DESERT — Junior college trustees last night drafted a \$3,500,000 bond issue and authorized purchase of a \$450,000 college site in the face of threatened legal action over their new location for the future College of the Desert.

Threats of legal action from Hotelman Hank Gogerty punctuated the board's decision to purchase Palm Desert's Odell Ranch, but failed to halt a unanimously drafted resolution to buy the property at \$3,750 an acre for 120 acres. An adjacent, 40-acre separately-owned parcel will be acquired later.

THE BOARD resolution followed an equally unanimous decision to offer a \$3,500,000 bond issue to college district voters on Oct. 13. The bonds will finance construction of the first six college buildings.

Gogerty threatened — or promised — to exercise legal means to prevent acquisition of a college site one-half mile distant from the runways of his Desert Air Hotel

Airpark.

"I can assure you that there's going to be a lot of legal action before you go onto that site," Gogerty told the board "You're going to start a fire that won't be easy to put out."

BUT COLLEGE President Roy McCall advised Gogerty that "people who start fires are usually burned by the backfire," and the board proceeded to adopt Member William Mason's resolution to purchase the site.

Gogerty later told The Desert Sun that "I am going to take whatever legal steps are necessary to protect my investment." He said he may possibly seek a court injunction to halt the purchase.

GOGERTY HAD previously told the board that he feared the landing and takeoff patterns of his airpark would create a hazard for the 2,500 college students, particularly since he plans to extend his two runways to 5,000 feet.

## Nuclear Test Resumption Is Goal of Officials

WASHINGTON — (UPI) — The Defense Department wants nuclear weapons tests to resume as soon as possible after America's self-imposed test suspension expires next Oct. 31.

Once the handcuffs are removed, authorities said today, the Pentagon wants to get on with development of a new series of smaller atomic weapons for air defense, battlefield and other tactical uses.

DEFENSE SECRETARY Neil H. McElroy said Thursday that his department intends to urge renewal of tests unless there is some sudden, unexpected agreement on a permanent ban in the East-West negotiations at Geneva. The secretary also lit a fuse on a controversy that is sure to develop next fall when he said he already is searching for ways to prevent military spending from increasing.

## WEATHER

Desert area forecast: Variable cloudiness with scattered afternoon and evening thunder showers today and Saturday, little change in temperature. High today 105 to 110. Yesterday's high, 108, low, 74.

## Fire Crews Save Market and Bank

More Pictures on Pages 2, 9

One of the worst fires in city history raged through the Desert Farmers Market last night, destroying eight shops and causing damages estimated at more than \$200,000.

Towering flames easily visible for 10 miles raged out of control for at least two hours, converting the famed resort shopping promenade into a massive sea of fire battled by more than 20 city fire fighters and some 60 volunteers.

Fire crews, threatened by repeated explosions and collapsing walls, managed to cut off the fast-spreading blaze at the entrance to the big Mayfair Market and Security First National Bank on the Palm Canyon Drive side of the Farmers Market building.

VIRTUALLY UNTOUCHED by flames, Mayfair sustained heavy smoke and heat damage, but it was "business as usual" today at the bank, where Assistant Manager Don Goudry said he could find no visible sign of damage.

City fire officials were unable to pinpoint the cause of the blaze, which apparently broke out at about 9:50 p.m., engulfing the clustered Farmers Market shops "in a matter of seconds."

Police Officer Herb Shalies first reported the fire. He said he spotted two small flames in the center of the market but, as he called in his report, Shalies saw the first glimmerings of fire erupt into "a sea of flame."

FIREMEN ARRIVING minutes later found an inferno fed by broken gas lines and racked by repeated explosions, said Fire Marshal Warren Heath.

Scores of men and boys pitched in to aid the fire fighters as they moved to cut off the path of the fire at the doors to Mayfair.

## FARMER'S MARKET BLAZE RECALLS OTHER BAD FIRES

Last night's conflagration, which destroyed the Desert Farmers Market, brought back memories of other disastrous fires which have hit Palm Springs in the past 40 years.

One of the worst fires in city history — attributed primarily to a lack of fire fighting equipment — was the disastrous Corn Building fire in the 1940's.

But to local oldtimers, the hottest blaze and the one hardest to fight, was the Grant Lumber Company fire which was fought for more than eight hours in 1947 and did considerable damage.

Also Casitas Del Monte fire, Deep Well dining room, Francis Crocker home, and the old Army Air Force Warehouse on McCallum way.

Fire Capt. Chet Goff said a gas company man cut off the flow of volatile fumes, but explosions continued to punctuate the battle. "I don't know what caused the explosions," Goff said, "but they sent burning embers flying high in the air."

MEANWHILE, FLAMES soared more than 100 feet in the air, sending vast clouds of smoke high. See, FARMER'S MARKET, P. 2

## Of Fire Fighters

## Looting, Crowds Hamper Efforts

Reports of looting and an uncontrollable mass of spectators plagued the police department last night in its effort to give help to the fire department in fighting the \$200,000 blaze that destroyed the Desert Farmers Market.

Within seconds after the fire was reported by a police patrolman, Lt. Ted Greene had blocked off all four corners of the area on both ends of the fire, and had assigned officers to control the crowds of people who ventured from their homes to watch.

WHEN HE RECEIVED reports of looting in the Mayfair liquor store, the Mayfair warehouse store room, and of parked automobiles, Lt. Greene called out the police reserve and off-duty officers, and completely encompassed the entire area.

But not before firemen had had

more than their share of obstacles in attempting to hold back the hundreds of persons who converged on the fire to "watch."

SPECTATORS, WHO crowded close to the blaze were in danger of having falling walls crush them or debris hitting them. A series of explosions that endangered even experienced firemen, erupted from the interior of the building, causing firemen to pull back from the center of the blaze.

As the explosions fired from inside the building, stoves, walk-in refrigerators, and other heavy gas operated equipment flew several feet into the air — and luckily most of the debris fell back into the building. Although no spectators were injured, one fireman was treated for flash burns in both eyes, and another stepped on a nail which went into his foot.

# Ike Supports Strong Labor Reform Bill

Makes Radio-TV Appeal for 'Truly Effective' Law

WASHINGTON — UPI — President Eisenhower threw his full personal and official prestige behind a strong labor reform bill Thursday night in a tough, worded nationwide radio-TV appeal for "truly effective" legislation.

In the 15-minute speech, Eisenhower called on Congress to respond to an "overwhelming national disgrace" of racketeers, crooks and other corrupt elements in labor unions.

THE PRESIDENT gave examples of "blackmail" picketing, secondary boycotts and "no-man's land" cases. After each one, he looked directly into the TV lens and declared sternly, "I want that sort of thing stopped. So does America."

He praised a proposed bill by Reps. Phil M. Landrum (D-Ga.) and Robert P. Griffin (R-Mich.) as "a good start toward a real labor reform law. He also pointed out that his own recommendations still were before Congress.

EISENHOWER REJECTED as too weak a moderate Senate-passed bill and an even milder measure approved by the House Labor Committee. He said neither "will really do the job — to curb the abuses the American people want to see corrected."

IN A SUCCESSFUL ATTEMPT to prevent Farmer's Market blaze from jumping to the plush Monte Vista Hotel to the south, firemen and volunteers spread a wall of protective water along the edge of

the mart. Smoke billowed from this area making the fire-fighting job extremely hazardous, officials reported. (Desert Sun Photo).

From Page 1. MORE ABOUT—

## FARMER'S MARKET

above the scene.

Heath said however, that there was never any serious threat to nearby buildings, although the rapidly rising flames illuminated a hotel immediately adjacent to the south side of the Farmers Market.

As the battle progressed, two ambulances arrived on the scene and ambulance attendants said they had reports that a man or boy had fallen into the blaze.

BUT HEATH SAID the reports were erroneous. He registered only two injuries — a nail penetrated the foot of Fireman Mario Colletti and Jack Spurlin had flash burns in both eyes.

Heath said the fire was brought under control some two hours after his crews arrived on the scene. Their activities were somewhat hampered by traffic as an estimated 2,000 spectators flocked to the blaze.

"I'd say it was about two hours

**VILLAGE THEATRE**

**CLOSED FOR ALTERATIONS**

before I definitely felt safe," Heath recalled, adding: "It took an hour to block off Mayfair market."

MAYFAIR, ITS windows shattered and walls and ceilings cracked by the heat, sustained comparatively little damage but, ironically, Phillips Jewelers in an alcove at the rear entrance to Mayfair was destroyed.

Other shops destroyed were Brewster Bakery, Joe Kuri's Seven Seas shop, Anita's Candies, owned by Glenn Pulkerson; Orange Julius, owned by Don Dickinson; the Taco House, owned by Leo Broch; Henry Baker's Novelty shop, and a vacant delicatessen.

Bakery owner Louis Brewster said the estimated damage to his shop alone at \$65,000, including fixtures, refrigerators, ovens and accessories.

THE VALUE OF the buildings burned was estimated at more than \$50,000, but their contents elevated the total estimate to the \$200,000 mark. Earle Strebe was identified as the owner of the entire Desert Farmers Market.

Today, crews from California Electric Power Co. and Southern California Gas Co. prowled the soggy mass of blackened wreckage, pulling out transformer equipment and checking gas lines.

Fire department investigators continued to poke through the ruins late this morning in their search for the cause of the blaze.

IT WAS THEORIZED that one of the shop areas possibly filled up with gas from a leaky jet. The last man to leave the building before the fire, jeweler Joe Phillips, was unable to shed any light on the cause.

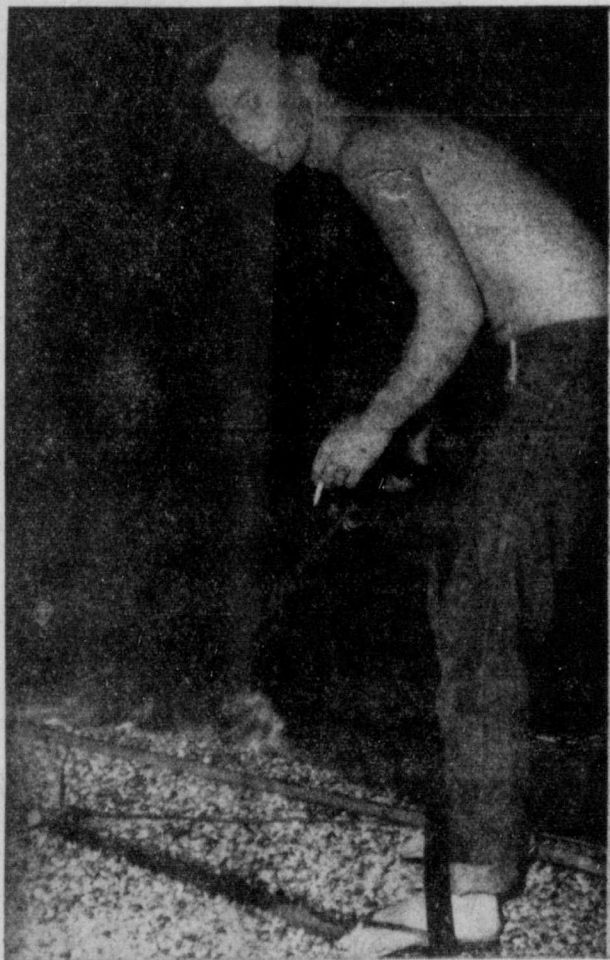

Phillips said he left his jewelry shop at about 9:45 to go home for a cup of coffee. He returned at about 10:30 to find the entire market a mass of flames.

Heath said the "hottest spots" in the concentration of fire were the east side and southeast corner of the marketplace.

## Rights-of-Way Are Accepted

Acceptance of two more rights-of-way for the future widening of North Palm Canyon Drive were officially made by the City Council Wednesday night.

The two grant deeds came from William W. Lermann and Stanley Fox.

CLAD IN GO-AHEADS, youthful volunteers manned a narrow section of roof and directed a stream of water into the holocaust. More than 60 such volunteers joined 20 Palm Springs Fire Department regulars in fighting the blaze. (Desert Sun Photo).

## The Almanac

United Press International  
Today is Friday, August 7, the 219th day of the year, with 146 more days in 1959.

The moon is in its first quarter. The morning star is Mercury. The evening stars are Venus, Mars, Saturn and Jupiter.

On this date in history: In 1782, George Washington established The Order of the Purple Heart.

In 1789, Congress established the War Department. In 1912, Governor Woodrow Wilson of New Jersey accepted the Democratic nomination for president.

In 1942, the United States Marines landed on Guadalcanal in America's first offensive battle of World War II.

In 1947, Norwegian scientist Thor Heyerdahl and his party landed the raft Kon-Tiki on a Pacific archipelago after drifting four thousand miles in 14 weeks.

In 1954 Roster Bannister of England defeated John Landy of Australia in a race where both contestants ran the mile in less than four minutes.

Thought for today: Jonathan Swift said, "The caprices of womankind are not limited by any climate or nation, and they are much more uniform than can be easily imagined."

# Aqua Caliente Canyon Work Under Way

Annual Repairs To Be Completed By Oct. 10 Opening

Extensive cleanup campaigns in Palm and Murray Canyons has been undertaken by the Agua Caliente Tribal Council this summer.

Cutting palm skirts, repairing roads, and cleaning up to reduce the fire risk has been undertaken during the summer months by Joe Saubel and John Gonzales, to ready the opening of the famous tourist attraction about Oct. 10.

THE TRIBAL COUNCIL, which does not meet during the month of August, will hold a meeting on Sept. 1, and at its following session on Sept. 15, will possibly set the date for the opening of the canyons to the public.

During the past few years, both time and money has gone into the upkeep and protection of the canyons by the local Indian tribe.

PICNIC GROUNDS in Murray canyon, as well as the roads and trails of both, are constantly being worked on by the men who have been assigned to care for the Indian reserves.

According to the Bureau of Indian Affairs, this year has been a very dangerous year for fires. The canyon areas — closed every summer because of the fire hazard — are very dry and easy susceptible to fire.

Protection of the canyons became a very important factor since a fire destroyed Palm Canyon in 1940.

## Will Pellem Services to Be Held at Banning

Funeral services will be held next Tuesday for Will Joseph Pellem of Banning, brother of Mrs. Ida Holt of Palm Springs, who died Tuesday at his home in Banning of a heart attack.

A native of Texas, he has lived in Banning for 7 months.

A retired cafe operator, he is survived by his wife, Rue; his sister, a son, Vernon, of Arizona, and two grandchildren.

Services will be held Tuesday at 2 p.m. from the First Missionary Baptist church in Banning, with the Rev. J. P. Prior officiating. Interment will be in Sunny-slope Cemetery in Banning. The body will lie in state at Weifels and Son Mortuary from 2 p.m. Sunday until noon Tuesday.

A new branch of physics which has come into being with the study of hydrogen fusion is "magnetohydrodynamics."

## GUARDS GUARDING ROYAL GUARD AT BUCKINGHAM

LONDON UPI — London bobbies guarded the guards at Buckingham Palace today.

It was the latest move to protect the high-stepping, red-coated bearskin-hatted guardsmen from an invading army of summer tourists.

British citizens, meanwhile, called for even sterner measures, such as fencing the guards in or the touristist out so they can no longer be "pushed, prodded, and humiliated" by crowds that come to see them strut between posts in front of the Queen's London residence.

The guardsmen always have been plagued with giggling, snickering, camera-clicking tourists. By tradition they can offer no defense but must stand, sphinx-like and unsmiling, even when someone sticks his tongue out at them or slides up along side of them to pose for a snapshot.

## Section 30 Plan Given Approval

Palm Springs City Council Wednesday night adopted an emergency ordinance outlining the master street plan for Section 30.

The hearing on the street plan was held at the time the land-use ordinance was adopted by the Planning Commission but no other public action was taken.

# Army Officer Hearing To Continue

Subcommittee Probes Defense Contract Awards

WASHINGTON UPI — A House subcommittee looking into the hiring of retired military brass by defense industries today summoned officials of Thompson Ramo-Woodridge Ind. to testify.

Witnesses scheduled to appear for the Cleveland firm included board chairman John David Wright and Gen. Benjamin W. Chidlaw (ret.), vice president.

Chidlaw headed the Continental Air Defense Command before he retired from the Air Force in 1955.

# Council Acts On Twelve Resolutions

City Manager Authorized to Act on Contracts

More than a dozen resolutions were adopted by the City Council Wednesday night, most of them authorizing the city manager to enter into contracts for the purchase of new equipment and for outside personnel.

City Manager Dan Wagner was given authority to sign contracts with:

—Ellery A. Wilson of Visalia, for street stripping at a maximum cost of \$4,500.

—Sol Morris for salvage rights at the city dump, bringing the city \$100 a month.

—HAROLD Stone to perform duties as Assistant to Public Works Director.

Southern California Gas Company for providing natural gas at the Palm Springs Golf Course.

—Make progress payment to the J&S Paving company under the Vista Chino improvement contract.

—National Cash Register for purchase of a bookkeeping machine at a cost of \$5,315.

—For purchase of light bulbs from General Electric company at 45 per cent of list price.

—CALIFORNIA Electric Power company for electric power for the new pump at the golf course.

—California State personnel board for a wage and classification survey.

—Palm Springs Chamber of Commerce to act as the cities advertising and publicity bureau.

—And, the council resolved that the 80-acre site out Ramon Road about 1/2 mile from Thousand Palms would be a good location for the new county dump.

## OLEANDER WATER BILL CUT SHARPLY OVER LAST YEAR

It doesn't cost the city nearly as much to water oleanders as it did a year ago.

During the month of June, 1959, the city's bill for watering oleanders on South Riverside Drive was \$81.50, and Director of Finance Shelby Langford happily compared this with last year's figure for the same month of \$1,800 (The bill was settled for \$900.)

During the past year the total bill for watering the oleanders on the drive was \$1,490.55.

Just after the oleanders were planted a year ago, someone inadvertently left the water on for a few days, and when the city received the bill for \$1,800, the council took big steps to bring an end to such spending.

As the plants get larger, the water needed to keep them green will be much less.

## County Approves TV Antenna Bids By Village Firms

On advice of County Counsel Ray T. Sullivan, Jr., the Board of Supervisors this week accepted the bids of Palm Springs Community Television Corporation and the Cable TV System, Inc., for non-exclusive franchises for television antenna cable services in unincorporated desert areas.

Sullivan said that the bid of Ed Jones which was made orally last week in the same amount and for the same area as that of Cable TV System could not be accepted because it did not comply with the terms of the sale which provided that any oral bid would have to be at least 10 per cent above the highest sealed bid received by the board.

Cable TV System will serve Cathedral City, Rancho Mirage and Palm Desert. Palm Springs Community Television Corporation will serve the Palm Springs area.

## Board Hears Rates Would Be Higher

Board of Trade Reports on Phone Company Survey

Coachella Valley Telephone Company rates are presently lower than those of others rendering like services in the Riverside County area according to a Board of Trade survey reported to the Board of Supervisors this week, but the increased rates the company is seeking will — if granted — boost its rates above those of the other companies.

At the suggestion of Supervisor George Berkeley the Coachella Valley Telephone Company is being invited to send its representative to Riverside to present its side of the story to the board of supervisors.

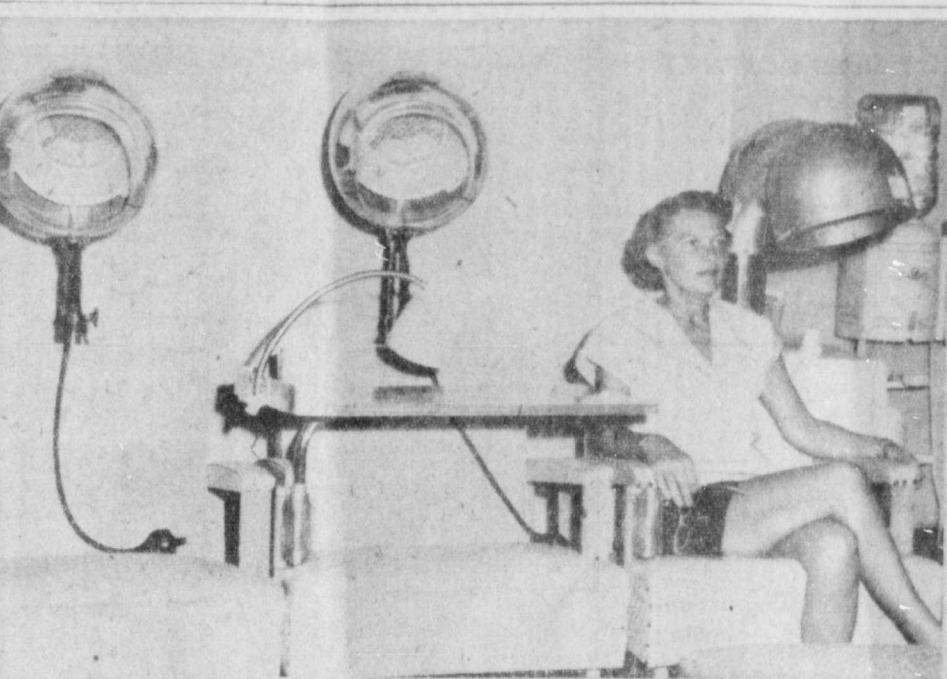

THE TWO OTHER companies whose rates were used by the Board of Trade in its study were the Pacific Telephone Company which serves the Riverside area, and the California Water & Telephone Company which serves Hemet - San Jacinto - Idyllwild and Elsinore - Perris areas.

According to the Board of Trade report, the rate for one-party business phones is now \$6.50 in the Coachella Valley area. It ranges from \$7.35 to \$10.75 in the other areas and averages \$8.46. The new rate requested by the Coachella Valley Telephone Company is \$12.50.

THE LOCAL SERVICE and PBX rate in the Coachella Valley is \$9.75. It ranges from \$11.75 to \$16 in the other areas. Average is \$13.04. The new rate requested by the C.V. company is \$18.75.

## Palm Desert

By GRETCHEN CHEESEMAN

Dr. and Mrs. Harold Jensen have planned their summer vacation this month. They will take off for Boise, Idaho, where they will be the guests of Dr. and Mrs. Mark Smith and the four of them will spend a few days at the Sun Valley Lodge in Sun Valley. Then on up to their ranch on Puget Sound and a visit with mother and dad Jensen, who own the adjoining ranch. Sounds like a relaxing and fun vacation for a busy Doctor.

Japan, Tokyo, to be exact, Aug. 4th and will make the Imperial Hotel their headquarters while they make a thirty day tour of Japan.

Dr. and Mrs. E. M. Brown will spend part of this month in Olympia, Wash., visiting Dr. Brown's mother and his adopted daughter.

Mr. Harold Dahlberg has left for Sweden where he will join his wife, Ebba, who has been over there since May.

Mrs. Elaine Buttrud if flying to Fairbanks, Alaska this month and will spend the rest of the summer there.

Roy and Julie Vernier's "postal" that they are thoroughly enjoying their "slow" trip to Europe. They have landed in Europe and will soon be on their way, seeing the continent. They have added Spain and Portugal to their itinerary.

Georgia and Layton Waterman arrive in Bangkok today. After two days they go on to Hong Kong for two days of sightseeing and shopping. They will arrive in

Mrs. Barbara Carleton and daughters, Aleia and Gail, have returned from a vacation in Lake Tahoe. They are real desert enthusiasts.

The first night baseball game was played on June 3, 1953, in Fort Wayne, Ind.

## VILLAGE QUARTET GETS CALL TO SING AT BANNING BOWL

Palm Springs Barber Shoppers will journey to Banning's Playhouse Bowl Aug. 13 to share a program with outstanding barbershop quartets from all parts of Southern California.

The Palm Springs Chapter of the SPEBSQSA (Society for the Preservation and Encouragement of Barbershop Quartet Singing in America) is presenting a program that includes a chorus from the Village chapter.

## Hemet Trailer Park Approved

Approval of a variance to allow G. Elmo Heavin of Hemet to establish and operate a trailer park on the east side of Highway 79 on Diamond Valley Road a mile north of the Gibbel Road intersection was reported to the Board of Supervisors this week and filed.

## Outdoor Dining Given Approval

On recommendation of the Palm Springs Planning Commission, the City Council this week approved an application for a conditional use permit to Cameron Center for outdoor dining at the Huddle Springs restaurant.

## Garcia to Be Candidate for State Senator

Bobby Garcia, self confessed gambler and Palm Springs Democrat, has announced his intention to run for state senator from the County of Riverside in next years primary elections.

Garcia, who has a home at 1171 San Jacinto Way and manages the Club Hoopa in Cabazon, said he is starting his campaign 10 months before the primary election in June, and promised "a vigorous drive without abatement for the Democratic nomination."

In announcing his program, Garcia made a charge that narcotic addiction and dope peddling are the "vicious result of monstrous conspiracy between the Communist Party and the most ruthless elements of the underworld; said he would not support the drive for a Desert County; put in a plug for the National Guard and its reserve; said he wanted to sponsor legislation to create job opportunities for persons between 55 and 65, and advocates legalized state and national lotteries "to reduce taxes and keep at home billions of American dollars now going to England and other foreign lands."

## Dear Abby...

...by Abigail VanBuren

DEAR ABBY: Maybe I shouldn't feel this way, but I can't help it. I just celebrated my fifteenth wedding anniversary and my husband didn't even send me a card.

He's perfect in every way. He doesn't drink, curse or chase. He brings home his pay check in one piece and he worships me and the children. But he says that birthdays, anniversaries and even Mother's Day are "just another day."

I know he loves me, but when I get together with my friends and sisters-in-law and they ask me what he gave me for my anniversary, I am speechless. Am I wrong to feel hurt?

—HURT  
DEAR HURT: A woman who is married to a man who "worships" her and the children, doesn't drink, curse or chase and who brings home his pay check in one piece, shouldn't complain when he doesn't make a fuss over her one day a year. Count your blessings. And when anyone asks you what your husband gave you for your anniversary, say "Fifteen of the happiest years of my life."

DEAR ABBY: My doctor says I should have a husband, but my boyfriend is in no hurry. I am 29 and my boyfriend is 31 and we have been going around together since 1946. He is working steady and so am I. My

ABIGAIL VAN BUREN

hope chest is so full I can't close the lid. My doctor says when I settle down with a nice loving man I will get rid of the pains in my neck. How can I get my boyfriend to set a date for the wedding and keep it?

—WANTING TO MARRY  
DEAR WANTING: A boyfriend who balks at the hitching post after a 13-year courtship is enough to give any girl a pain in the neck. Tell him it's "Now or Never!" Stalls are for horses.

DEAR ABBY: My husband is one of those men who never knows anything when I ask him what is new, but when I give him a piece of gossip he says, "I heard that two months ago." I

ask him how come he didn't tell me about it and he says, "I didn't think you'd be interested." Now if that isn't grounds for homicide, what is?

—READY TO SHOOT  
DEAR READY: Hold your fire. Your husband is as normal as blueberry pie!

DEAR ABBY: I have a neighbor who borrows my cake pans, pie tins, salad bowls, etc., and never returns them. Right now she has more of my pans and bowls than I have.

We are good friends and trade favors, such as watching each other's kids and mowing for each other. But this doesn't help me get my stuff back.

I am not the nifty type. Can you suggest a way for me to get my property back without offending her?

—NO NERVE  
DEAR NO: If you have one pie tin or cake pan left, bake and take it over to her. Before something you know she likes you leave say, "Would you mind if I removed it from the pan as I have no more at home—which reminds me, while I'm here, Dear, may I please take back those pans and bowls?" Exit, smiling and triumphant.

## Study and Hearings on National Tax Structure May Bring Changes

Prospects for a general overhaul of the nation's tax structure are getting brighter.

A complete study of federal taxes has been under way for some time and expectations are that the mass of factual material involved will be correlated and in classified form for ready reference sometime next year for presentation to formal Congressional hearings.

Presently the national system of taxation resembles a patchwork of thousands of measures which have not been codified and assembled as a whole, a situation confusing even to the experts.

There has been no general resume or review of the entire federal tax system for many years and during the several wars in which the United States was engaged many emergency measures were adopted, the majority of which have remained in force despite the end of hostilities and the basic reasons for their imposition.

Changing economic and every day living conditions have also affected application of tax levies in numerous

ways, some becoming almost confiscatory and others actually lighter than a proportionate share of the tax burden.

What with an ever increasing national budget, reflected partly by expanding inflation, it is certain that unless government spending is curtailed to a larger degree than expected by most at this time, taxes generally will continue to become higher accordingly.

Few indeed are the people who do not feel that their tax bills are all that they should be, or more. Yet it is a fact that with all the many fields involved, the ancient, unrepealed and sometimes inadequate or oppositely excessive tax levies of the federal government, a thorough study, review and active steps to correct any inequities is a worthwhile and commendable undertaking.

At least it will give any who feel injured or unjustly treated an opportunity to appear before the congressional hearing for corrective legislation, and who knows but what a few new or additional sources of revenue might also be discovered for the benefit of Uncle Sam as well.

## Man's Best Friend

By HOLMES ALEXANDER

WASHINGTON, D.C.—We had an old-fashioned, big-horned Gramophone in my childhood home, and one of the comic songs that appealed to us children had the refrain:

"They gotta kickin' my dawg around."

This is how I feel today when I find politicians and commentators giving the boot to private enterprise. Sure I know there's a steel strike on. The industry's case against granting a wage hike is not helped by profit sheets showing a large increase over last year. You could argue that Labor should be an increased share of the gain. Or you could agree that much of the profits should go into research and modernization.

MY OWN OPINION is that steel management should be commended for making money for the stockholders. I have the benighted notion that we are a capitalistic country and should be proud of it.

Any or all of these viewpoints could be right without affecting the theme of this piece: They gotta quit kicking private enterprise around. Unless we are fools enough to join a world state or to surrender piecemeal to the enemy, there is no logical reason to fear that the USA will be conquered any time soon.

We can prevent that catastrophe by force of arms. But it is not illogical to fear other forms of demise. We can poison our own economic system with ill-chosen diets. Or, we can allow the wrong things to happen to us at home simply by not speaking out against ideas that are hostile to American free enterprise.

RECENTLY, TWO Senators, one Republican and one Democrat, spoke up in manners that deserve notice and commendation.

John Marshall Butler (R., Md.) was on the Senate floor the other

day during what could be called the siesta hour—so many members being absent following luncheon—when a bill which he opposed came up. Butler listened to speeches by Williams (Del.) and Lausche (Ohio), both of whom were also opposing the Merchant Marine bill (S-107) which proposed to provide American shipbuilders with a Federal-financed floating drydock. Williams was flogging the measure with might and main as another ship subsidy. Lausche joined in to show how much additional Federal aid the shipping firms were already getting.

Finally, Butler rose to make his point. He said that he would vote with Williams and Lausche, as he eventually did in a 41-48 majority, but that he deplored the ferocity and the broad generalizations of their attacks. Butler said:

"I REGRET, MR. President, that the entire Merchant Marine picture is being brought up in this discussion (of a drydock bill) . . . the Merchant Marine is vital to our nation . . . I do not like . . . the general (abuse) of the industry under discussion."

It takes perception to sense, as Butler did in this instance, that it's a mistake to kick the family pet and watchdog around just because it has fleas. The Merchant Marine is not the only victim of this practice. We find agriculture, among other American industries, taking a bad beating because of some of the malpractices linked with its name.

SEVERAL DAYS prior to the Butler episode, Jennings Randolph (D., W. Va.) showed concern with another ill-treated segment of private enterprise. Randolph was supporting the TVA self-financing bill, which is not much of a measure. It permits TVA to raise revenue by selling bonds rather than coming before Congress each year for debated, regulated appropri-

ations. It's too bad the bill wasn't defeated—but it would have been much worse if Randolph had not improved it by an amendment (with Talmadge of Georgia) to prevent TVA from expanding beyond its present territory and from gobbling up utility companies as far away as the West Virginia hills.

RANDOLPH WAS among the House Democrats who voted for TVA back in the New Deal days. He has not regretted his vote, but he sees what has happened since. In 1933-38 TVA had a market area of 20,000 square miles. Today this area embraces 80,000 square miles, and in this territorial expansion TVA has absorbed, in whole or part, 30 electrical power companies. Randolph said:

"I do not favor . . . the Tennessee Valley Authority to bring about unfair competition by TVA electrical energy with efficient and plentiful electrical power produced by use of bituminous coal mines in West Virginia and other States . . . There is no place in our economy for new governmental projects or expanded existing ones which would wine out or cripple private enterprise."

EVEN WITH THE Randolph-Talmadge amendment tacked on, the TVA revenue bill is another example of railing socialism and responsibility-dodging by legislators who know better. A hardy group of 17 Senators, including Randolph's West Virginia colleague, Robert Byrd, opposed this side-door raid on the national wealth by voting to recommend the bill.

But Randolph did bring succor to the industries of his state by building at least a temporary fence around TVA. The two Senators, Randolph and Butler, got to their feet and rumbled a protest against the all-too-prevalent habit of kicking private enterprise around. — Holmes Alexander.

## Chuckles in the News

### Crime Preventative

LONDON (UPI) — The Medical Press today came out in favor of rock 'n' roll — as a method of preventing crime. It helps rid persons of "surplus physical energy," the publication said. "The more rocking and rolling, indeed, the less cooking, black-jacking and knifing as a rule."

### Bow-Wow Boozer

PRESCOTT, England (UPI) — James Halliwell, 46, was fined \$108 today for drunken barking. Police said Halliwell got down on all fours and barked back at a dog who barked at him as he was entering his car. They said he thus invited an entire neighborhood of dogs to bark. Halliwell acknowledged he'd had four or five — or maybe six — pints of beer.

### Sticking Neck Out

SAN FRANCISCO (UPI) — Zoo-

beau, the Fleishacker Zoo's young male giraffe, has been consistently spurned by Zoobelle, its middle-aged female giraffe. A new, young, 10-foot female giraffe arrived at the zoo today and director Carey Baldwin is hopeful.

"The new one seems very gay," he said.

### Occupational Hazard

BRADLEY, England (UPI) — The 26 members of the Bradley and Deighton prize band blasted and thumped their way up the main street. Then suddenly the thump was gone.

The 25 other members, on investigating, found that bass drummer Ronnie Liversidge, unable to see ahead over his drum, had fallen into a manhole.

### Has An Alibi

ALBANY, Calif. (UPI) — Ernest Salinas told police he had a

good reason for robbing a restaurant of \$26.

Salinas, 23, said he had "reliable information" that the place was going to be held up. "I did it to protect the money," he said. "I was going to give it back."

### Young Pro

MUNCIE, Ind. (UPI) — When a safe cracker recently looted a cleaning firm, police said the thief's technique qualified him as a "professional."

The safe cracker was captured Friday. He is 10 years old.

### Noise Brings Eggs

OTTAWA (UPI) — Conservative Harold Hicks said in Parliament Friday that noise from planes using the Abbotsford, B. C., airport was scaring local chickens into laying two eggs a day instead of the one they used to produce.

## 'Just Call it Bucks for Ballots, Pal'

## This Side of The Sun

By Phat

A month to go  
And so much work,  
To find new tasks  
That I can shirk.

Seems to me a fellow works  
harder on vacation than while  
gainfully employed.

ON THE JOB the work is cut  
out for you. You do it and don't  
think anything about it.

But on vacation you rush  
around finding new places to  
loaf and concentrate on tasks  
you should do so you can skip  
them and have that good feeling  
of a duty well shirked.

It tires one.  
JUST LIKE sitting back in  
the easy chair. Doing nothing  
except getting ashes on the rug  
when I miss the ash tray. Rub-  
bing them into the nap so they  
won't show.

Then sitting up with a start.  
Four hours wasted when I  
could be loafing at something  
useful.

ALL OF THE ABOVE thoughts  
were sparked by the thought that  
the date this is scheduled to see  
the light, is August 7.

And in a month it will be Sep-  
tember 7—Laor Day.

Quit loafing on vacation and  
return to loafing on the job.  
In my quasi-retirement status,  
the job isn't so much but it does  
furnish a foundation for at least  
half a loaf, which is generally  
recognized as being better than  
none.

PALM SPRINGS had a little  
more than ordinary interest in  
the sports pages last weekend.  
There was Frank Ripley who  
went into the finals of the Na-  
tional Junior Tennis Tournament  
at Arcadia. Young Ripley has  
been starring on the local courts  
as well as up and down the  
coast, ever since he was old  
enough to hold the racket his  
dad, George, put into his hands.

WE BOAST OF being the win-  
ter golf capital but we're not  
far behind on tennis. We'll ad-  
vance, too, the way Seamus  
Nunan, high school net coach,  
and Dave Gillam, instructor at  
the Tennis Clinics, are bringing  
them along.

And Dale Andreason is con-  
fident we'll have a junior golf  
finalist one of these days be-  
cause of the interest youngsters  
in the city-sponsored juvenile  
golf clinics.

Besides that, Parry O'Brien,  
part time Villager, broke his  
own world shotput record last  
weekend at Albuquerque with a  
toss of 63 feet, four inches.

Then you add three major golf  
tournaments, as well as many  
smaller ones, slated for the  
Palm Springs area this fall and  
you KNOW as a sports center,  
we are tops.

PAUL JONES, of the National  
Safety Council, says:  
"By far the safest way to  
travel these days is the 'Tunnel  
of Love' in an amusement park.  
Our records fail to show a single  
accident in a 'Tunnel of Love,'  
a boast that can't be made by any  
other kind of transportation."

Well, maybe not right in the  
Tunnel—but has he checked the  
divorce court records?

## STAN DELAPLANE'S Postcard

In the morning the dining  
room of the Hotel Ukraina is  
filled with American tourists.  
Foddering up to see the sights  
of Moscow.

I cannot really find out yet  
whether Russia wants tourists.  
Or merely tolerates them. I  
came with Vice President Nixon-  
on's party — there are about  
100 newspapermen on this one.

WE WERE ADVISED to buy  
the de luxe tour: \$30 a day for  
hotel and three meals and after-  
noon tea. It also includes a pri-  
vate car and guide service — if  
you can get them. Intourist ap-  
parently oversold their capacity.  
Mostly we take buses and a  
guide book.

We are issued a scrip book  
showing four meals a day. How-  
ever, it now appears that the  
scrip covers so many rubles. Not  
always the price of a meal.  
The dinner scrip, for example,  
is 30 r-bles. If the cost of the  
meal is 32, we pay two rubles  
more to cover it. But if the meal  
is 28 rubles, there does not seem  
to be any change.

WE BUY RUBLES at a tourist  
rate of ten to the U. S. \$1. The  
official rate set by the Govern-  
ment is four to \$1.

The hotel room is about \$5.  
The daily scrip adds up to \$6.50.  
Where the rest of the \$30 goes  
is something we are trying to  
find out.

We also bought two days' more  
coverage than we will be in the  
country.

We understand that the \$13 of  
extra scrip can be converted  
into caviar to take out. (The  
caviar is fresh, gray and tre-  
mendous!) But the rest of the  
added \$60 seems far, far away.

THE INTOURIST scrip is good  
only at the Intourist hotels. On  
the town you pay in rubles.  
Prices in restaurants seem to  
be about half of Stateside costs.

By comparison, the food, de-  
cor and general atmosphere  
seem to be about half, too.

Service is a matter of luck and  
patience.

Tippling is supposed to be  
against the rules. But Russians  
tip a little, anyway. I think our

waitresses in the pressroom got  
a briefing the other day. Last  
night they all refused tips. (They  
were accepted the night before.)

I have a feeling the Russians  
are touchy about our opinion.

WE HAVE BEEN estimating  
15,000 American tourists in Rus-  
sia this year.

But with the publicity of the  
Nixon visit and the overflow  
from Western Europe, it looks  
like this may be doubled.

The American tourists are just  
like American tourists every-  
where. Load the camera. Out  
on the town.

Most of them seem to be get-  
ting what they expected when  
they paid the Intourist advance  
fees. (You can get yourself an  
18-day bus tour through here  
now. American Express sells it.)

THERE ARE 91 self-drive  
rent cars in Moscow. Cars are  
in short supply and do not go to  
the rental pasture until they  
have 100,000 miles on them.

Russians you meet on the  
street are usually very friendly  
and very curious. They like to  
trade money for souvenirs. The  
Roosevelt dime is a good trade.

Formerly, tourists were ap-  
proached with offers to buy  
clothes, radios, wristwatches and  
so on. Nobody has asked to buy  
anything from me.

I was hit up once by two men  
who wanted to sell me rubles at  
25 to 1.

IN THE MARKET, the Rus-  
sians want to give you things.  
Pickles, particularly, though I  
don't know why. Maybe because  
they are a good product. They  
are excellent pickles. Dill.

The food is apt to be plain.  
But there is plenty of it. There  
are some local specialties in fish  
that are fine. Potatoes with  
fresh dill could be imported to  
the States with advantage to our  
national eating.

The caviar is simply great!

But I am a buff for caviar.

The sun shines bright and X  
marks our room. It overlooks  
the Moscow river and the caviar  
awaits in the dining room. Wish  
you were here.

## GRIN AND BEAR IT By LICHTY

"I see no harm in healthy rivalry between the ser-  
vices, general! . . . As long as we don't get to squab-  
bling over the plush jobs in industry when we re-  
tire! . . ."

## EARL WILSON:

## Gleason'll Hide With Mustache

NEW YORK — Jackie Gleason  
told me out at his fabulous new  
"Round rock" home that he'll  
wear a black mustache for the  
B'way musical, now named "Take  
Me Along," which begins rehears-  
als this week. "I sing in this show  
and I'm very timid when I sing,"  
he said. "I'll hide behind the mus-  
tache." There is a large portion  
of Jackie that the mustache won't  
hide, however, because the new  
house has an astonishing kitchen  
and at least one bar in each room  
— and Mr. G. is using both ex-  
tensively.

Hal March's love in "Two for  
the Seesaw"—Lee Grant—popped  
a brassiere hook just as she was  
due to take off her sweater on  
stage the other night. Feeling it  
pop, she kept covered. Hal learned  
later why — in such hot weather —  
she didn't take off her sweater.

Liz Taylor and Eddie Fisher are  
now fighting the Battle of the En-  
glish Press. Their chauffeur, Eddie  
Atcari, pilot of their Rolls-Royce,  
wrote his own story for a Sunday  
paper, saying Liz ordered "two  
crates" of vodka and that Eddie  
taught him to make Bloody Marys  
for her. . . . Also, "This contrary  
woman," as the chauffeur called  
her, "carries her lateness to the  
point of rudeness. . . . For Liz just  
can't get out of bed and her hus-  
band isn't much better. . . . there  
was quite a row with producer Joe  
Mankiewicz because Liz was al-  
ways late. . . . their habit of eat-  
ing in the bedroom became an ac-  
cepted part of life. . . . some days  
they had all their meals there,  
never stirring outside. . . . Capri-  
cious, willful and not-a-little  
spoiled; that is my summing up  
of this incredible, incomparable  
beauty. . . . I am convinced she  
is in love — truly in love — with  
Eddie Fisher. . . . their favorite  
song which he croons to her all  
the time is, 'Just in time, I found  
you just in time' . . ."

The story also says that when  
they arrived, Eddie told the chauff-  
eur, "Drive around to Bucking-  
ham Palace, I want to see where  
YOUR Queen Elizabeth lives." But  
as they were en route, Liz read  
the inscription on her gold brace-  
let. (To my Queen, from your  
Prince!) and that they cuddled  
and — neither one saw the  
palace.

Frank Sinatra and Group char-  
ter-planned in his great At-  
lantic City 500 Club triumph, and  
he held up in his hideout apt. of  
2 1/2 rooms on the park. Monday  
nite the Group saw a B'way show.  
Waiting for him was cute, blonde

Jack Shrago, who starred in "Kiss Me,  
Kate" in California, is the House  
of Vienna's puller-inner.

Hey, Mr. Billingsley! An in-  
fluential millionaire wants your rival,  
Ed Wynn, to take over a swanky  
country club close to N.Y. and  
rename it "The Harwyn Country  
Club" . . . Lillian Kramer, of the  
Out-Where-the-Money-Begins Set  
(West-Hampton), flung a soiree for  
Joan Crawford. . . . I was twitting  
Jack (Baron Munchausen) Pearl  
about going back to work in the  
play "The Tenth Man" "when  
you have all that money." Jack  
shrugged, "Well, if you think \$2-  
000,000 is a lot of money. . . ."

(Distributed 1959,  
The Hall Syndicate, Inc.)

## MIKE CONNOLLY:

## Just Like a Woman

HOLLYWOOD — Ann Miller  
was complaining to me during  
the intermission of Lotte Len-  
ya's "Seven Deadly Sins" at the  
Greek Theatre about gossip col-  
umnists who are "always trying  
to break up her marriage" to  
Texas oil millionaire Bill Moss.

I suggested, as a preventive,  
that Ann quit quarreling in pub-  
lic with her husband. She came  
right back at me with this in-  
dignant retort: "But Bill always  
starts the fights!" . . . And isn't  
that just like a woman?

Rita Hayworth signed to play  
the object of Tony Franciosa's  
fervor in 20th-Fox's fiery news-  
paper movie, "The Story on  
Page One."

NOT SINCE "NELLIE the  
Beautiful Cloak Model" has a  
hunk of hokum made so much  
money for one movie studio  
as the Warner Brothers' release  
of "Hercules" with our hottest  
new male star, Steve Reeves.  
It's asinine, naive, childish —  
and yet the public is going for  
it this summer, hook, line and  
sinker, while such "intellectual"  
entries as William Falkner's  
"Long Hot Summer" go beg-  
ging.

Joe Schenck's classic remark —  
"There's nothing wrong with  
the picture business that good  
pictures won't help" — doesn't  
seem to hold true in this case.

KERMIT BLOOMGARDEN'S  
Broadway-bound adaptation of  
Jean Anouilh's French stage hit,  
"L'Hurluberlu," will have a new  
title, as yet unselected, and a  
new star, already signed—Rex  
Harrison, Luana Anders, who  
hasn't been too successful in  
Hollywood, changed her name to  
Margo Anders after consulting  
a numerologist, and landed the  
part of Rex's daughter.

Barry Cox has Miss Norway,  
a Miss Universe runner-up, on  
one arm these nights — and an  
English-Norwegian dictionary  
under the other. He tells me he  
learned to ask "Why?" in Nor-  
wegian whenever Miss Norway  
says "No" in that language. But  
now he has to learn a way of  
getting around her answer to  
his "Why" — which is "Be-  
cause."

"THE DRUNKARD," longest-  
run play in the history of LA,  
closes its 26-year stand at the  
Theatre Mart Oct. 10. Columbia  
Pictures is pitching producer  
Mildred Ise to let them make  
a movie of it. Mildred started  
the gaslight-gimmicked take-

Judith Meredith of Hollywood and  
the Geo. Burns TV show.

Lu Ann Sims, who's expecting  
a second baby next winter, did a  
job of taping "Do I Really Love  
You" — on the Dick Clark show  
the other night. 'Cause right then,  
she felt her baby kicking and a  
tape broke at that moment — first  
time in 500 records. So they re-  
peated it — overtime and all.  
Dick's off to Hollywood to do a  
house has an astonishing kitchen  
and at least one bar in each room  
— and Mr. G. is using both ex-  
tensively.

Max Asnas is off to Hollywood—  
toting some sturgeon to the Abe  
Lastfogels. Max told a friend his  
secret of how to come home from  
the race track with a small for-  
tune: "Go with a large fortune."

The Milton Berles are protest-  
ing about Joyce Matthews taking  
13-year-old dr. Vicki to Switzerland  
without asking Daddy Milton's  
consent. . . . Mary Martin flew to  
Stowe, Vt., to visit the Baroness  
von Trapp, whose family is the  
subject of the new Rodgers-Ham-  
merstein-Lindsey-Crouse musical,  
"The Sound of Music" . . . Kid  
star Bobby Darin wrote girl friend  
Joan Campbell, the rock-n-roller  
not to believe he was going out  
with other teen-age chicks. "Lotta  
Hollywood publicity," he vowed.

Jim Henaghen, Gwen Verdon's  
charmin' ex-husband, was at the  
Harwyn with the bouncy, bosomy  
chanteuse, Marilyn Mitchell. . . .  
Why go to Paris to the BOIS DE  
BOULOGNE? You have it right  
here at Tavern-on-the-Green (1,500  
dining outdoors) — plus the smart  
new Elmtree Room, with Eddie  
Wittmer as host. . . . Barbara  
Hunt, who starred in "Kiss Me,  
Kate" in California, is the House  
of Vienna's puller-inner.

Hey, Mr. Billingsley! An in-  
fluential millionaire wants your rival,  
Ed Wynn, to take over a swanky  
country club close to N.Y. and  
rename it "The Harwyn Country  
Club" . . . Lillian Kramer, of the  
Out-Where-the-Money-Begins Set  
(West-Hampton), flung a soiree for  
Joan Crawford. . . . I was twitting  
Jack (Baron Munchausen) Pearl  
about going back to work in the  
play "The Tenth Man" "when  
you have all that money." Jack  
shrugged, "Well, if you think \$2-  
000,000 is a lot of money. . . ."

(Distributed 1959,

## MIKE CONNOLLY:

## Just Like a Woman

HOLLYWOOD — Ann Miller  
was complaining to me during  
the intermission of Lotte Len-  
ya's "Seven Deadly Sins" at the  
Greek Theatre about gossip col-  
umnists who are "always trying  
to break up her marriage" to  
Texas oil millionaire Bill Moss.

I suggested, as a preventive,  
that Ann quit quarreling in pub-  
lic with her husband. She came  
right back at me with this in-  
dignant retort: "But Bill always  
starts the fights!" . . . And isn't  
that just like a woman?

Rita Hayworth signed to play  
the object of Tony Franciosa's  
fervor in 20th-Fox's fiery news-  
paper movie, "The Story on  
Page One."

WAVING FAREWELL to Dianne and Mrs. Jack Copass (standing on gangway to airplane) in Los Angeles this week are Mrs. N. A. Bertrum, A. L. Easton and Mrs. Easton, left to right. Dianne, who won the competition for "Miss Teen Angel" of Angel View Crippled Children's Hospital at Desert Hot Springs, was awarded a trip to Hawaii as part of her prize. Mrs. Copass is accompanying her daughter.

## Gottbehuets Enjoy Maine Coast Cruise

A week's cruise along Maine's rugged coast aboard the "Victory Chimes" one of the last three masted schooners still in operation—is where the Claude Gottbehuets, who are on vacation, are at present.

The Gottbehuets write they are having a great time and help to hoist the sails and fold them when they come down.

An added surprise occurred when the crew and passengers had a birthday party complete with cake and candles in honor of Mrs. Gottbehuets' birthday.

## IT'S HOT, ALRIGHT... BUT YOU CAN STILL WASH FIDO

NEW YORK (UPI) — A dog bath during the dog days can be easy on both pet and owner when a few simple precautions are taken.

The water temperature should be about the same used for bathing babies, says Bob Bartos, manager of research kennels for a dog food manufacturer. Test the water with your elbow to make sure it's not too warm.

Before dunking your pet, put a few drops of sweet oil in each eye and plug its ears with cotton to keep out water and soap.

Two soapings with a mild bar soap or mild flakes should be applied with a soft brush, a sponge or a heavy cloth.

Rinse the dog thoroughly, preferably with a spray, and rub the coat dry with a turkish towel.

## Teen Angel Leaves on Hawaii Trip

LOS ANGELES—Mrs. Jack Copass and her daughter Dianne, left this week via Trans Ocean Air line.

Dianne won the trip in a Teen Angel contest last Oct. sponsored by the Desert Hot Springs Women's Auxiliary of the Angel View Crippled Children's Foundation.

As Dianne is a student at the Palm Springs High School it was necessary for her to postpone the trip until school vacation.

The trip was donated by a friend of the A.V.C.C. Foundation as first prize for the lucky winner.

## BOOKS, MUSIC, PRESS

## U.S. Taste Changing 'for Better'

NEW YORK, N. Y. — The average American is reading more books, listening to more good music, dressing more fashionably and eating more sophisticated food than ever before.

Four major forces are elevating American taste, according to a national magazine's poll. They are rising income, more education, the efforts of "tastemakers" to spread their gospel, and the old American striving for self-betterment.

There are today 42 major American symphony orchestras, as against only six in 1905 and 32 in 1956. Counting those in colleges and smaller communities, the total is more than 1,100 — at least 275 of which were formed between 1951 and 1957.

"One reason for the broadening of U.S. musical taste," the magazine says, "is that the sale of

serious music on records is increasing at least as fast as the sale of all records. The fact is that many Americans with a record player today listen to more musical works in a year than even professional musicians once could do in dozens of years."

Americans are buying some 630 million books a year (including paper-backs and juveniles, but not textbooks), an increase of 300 million from 1949. While a large percentage of the paperbacks may be "trash," good books — The Iliad, The Odyssey, The Catcher in the Rye, 1894 — have sold well too.

As further evidence of improving American taste, the poll points to the anticipated simpler, cleaner lines for automobiles, and better design for appliances.

Furniture with gross stylistic excesses seems to be growing

scarce, the magazine says, and "American food preferences are ed."

## Advice Given on Leather Cleaning

CHICAGO (UPI) — Genuine leather or the synthetic variety can be kept clean as new with lukewarm water and mild soap, says W. J. Buxton, general service manager for an automobile manufacturer.

Dip a soft brush in lukewarm water, shake out excess moisture, and rub the brush on soap with a circular motion until a rich lather is raised.

Work the lather over a small area of the soiled material, using the same circular motion except along the pleatings, seams and natural leather veins. In these areas, the brush should be applied in the direction of the fold or vein.

## Dior Hems Edict Echoed by Tamara

By MARY ANN CLINTON

SAN FRANCISCO (UPI) — The edict from the House of Dior in Paris that hems will go up, up and over the kneecap was echoed here today by designer Tamara Yohanan.

Tamara assured American ladies and gentlemen that her fall collection will include not just a few, but some 30 of the new short fashions.

"Of course," she said, "only the young will be able to wear my new short styles." But the attractive designer sank on her "young and young at heart" customers to pay between \$100 and \$300 to number among the smart set this fall.

And her dresses, as St. Laurent's will be short — measuring a brief 26 inches from waistline to hem with a resulting two-inch above-the-knee-cap hemline.

Tamara obviously wasn't confining herself to "shorties" when she planned her fall line. The styles, her first as an independent designer, include debutants dresses, bridal and opera gowns, and other special occasion dresses.

"I think that's what St. Laurent of Dior was doing in his collection. He must be just as sick as I am," she said smiling.

"Women think that knee-caps are ugly, but men don't — quite the contrary," said Tamara whose own limbs are capable of attracting admiring glances.

Here is a double uncovering, thought. Hems go up and bodices go down.

"In my new collection I created a bare-top look for evening which shows off woman's most underestimated charm—her arms. Her "shorties," stripped off trimmings and unnecessary detailing, have brief bodices and are predominantly strapless.

The skirts she explained, were shortened to balance the bare top with the natural waistline.

"I've tried to design with 1920's detailing and an early 1900's silhouette," the petite designer said. She created her line after weeks of studying period theatrical costumes in Southern California.

Most women's answer to the question "How do you stand on the short styles?" is a frantic—"How do I stand? — How do I sit!"

Tamara's answer counted on her fuller skirts to allow women to retain their dignity while sitting.

"Some women just know how to sit gracefully naturally. If a woman eases into her chair, she will have no trouble," she said.

When asked if she thought that all fashion-conscious women will have with the hemming need this fall, the petite young designer predicted an "if the shoe fits" philosophy this season.

## High Protein Salad

NEW YORK (UPI) — Cream pickle eggs make a high-protein salad. For 6 servings, halve 6 hard-cooked eggs and remove yolks. Combine yolks with 1-3 cup of sweet pickle relish, drained, 1 cup of sour cream, and salt and pepper to taste. Mix well.

Fill egg whites with yolk mixture, sprinkle with paprika and serve on a bed of lettuce.

Use a cut walnut meat to darken a scratch on dark wood.

ENJOYING DINNER at the Chi Chi Thursday evening are left to right, Callie LaCavera, Julie Stiff and Mrs. Julian Stiff. Mrs. Stiff and Julie returned last week from Minneapolis where they have been for the past month visiting Mrs. Stiff's parents. (Desert Sun Photo).

## At Kern River

A camping and fishing trip at Kern River in the Lower Sierras are the vacation plans of Mr. and Mrs. Robert Schlesinger of Livmor Avenue who left the beginning of the week.

Cover head of a hammer with a bandage when driving decorative or fragile nailheads.

To keep spools of thread from unwinding, slip rubber bands over them.

New and Better Ways

## Man's Quest to Escape Sun Provided Air Conditioning

Ever since the beginning of time, man has sought new and better ways to protect himself from the scorching sun.

He has crawled into deep caves to keep cool; he has dunked himself in rivers and streams; he has fanned himself with everything from palm leaves to yesterday's castout newspapers.

IN HIS SEARCH for mechanical or semi-mechanical methods to keep cool, he has sprinkled the roof of his home with water in order that evaporation would draw some of the heat away from him. Later he combined the evaporative principle to electrically driven fans which evolved into the desert cooler. They are now widely used, particularly in the south-

west and western areas of the United States. Last but not least he has turned to refrigeration to help make him more comfortable. Modern streamlined room air conditioners are priced to meet a wide range of budgets and designed to answer any cooling need.

DISTINCTIVE STYLING harmonizes with any interior. They offer the convenience of twenty-four hour a day comfortable living.

Air conditioning engineers who have strived over the years to develop units which give both economical operation and long dependable service have built in numerous features in the last few years such as improved thermostats, air director grills that offer more flexible distribution of air and permanent filters which can be washed and re-used.

ONE MANUFACTURER has introduced a new home climate center which enable the owner of an air conditioned home to monitor outside weather, control indoor temperature and regulate the operation of heating and cooling equipment all from a single location in the main living area.

This device, designed for wall mounting, is an attractive chrome trimmed instrument panel which gives contrast readings of outdoor and indoor temperatures, barometric pressure and relative humidity; controls both heating and cooling cycles; provides for automatic fan operation for pre-set adjustments of temperatures during nighttime and daytime hours.

TYPICAL OF VILLAGE swimming pools is this hillside model which commands a sweeping view of the entire Palm Springs area. City announced yesterday that it had issued permit for 2000th pool and noted that the figure qualifies Palm

Springs as "the swimmingest city in the world." Many of the pools of this area are custom designed and have won special notice in nationally published building periodicals. (Anderson Photo).

## WASTE AREA HELD 'GOOD STORAGE'

Space engineering is enlisting the efforts of housewife and handyman alike in modern homes with their attractive conveniences but limited storage for rapidly growing families.

Existing closets seem to be crammed with clothes, linen and an assortment of household articles. Rarely is there any space available to expand their size without giving up valuable living area.

TO RELIEVE the situation, many homeowners are following the modern trend and turning to built-in facilities. True, a home handyman isn't expected to know all the tricks of a professional architect, but even a limited knowledge of carpentry can do wonders to relieve cramped quarters.

Designed to give space economy in confining apartments and small homes, built-ins make use of space which is ordinarily overlooked in larger houses, and transform it into functional storage.

THERE ARE MANY cubic feet of space available in even the smallest home, just waiting to be converted into usable shelves, drawers and cupboards, according to George Schuchman, architectural consultant to Libbey - Owens-Ford Glass Company.

Especially appropriate for children's rooms are two large storage drawers built under the bed

to hold blankets, toys and out-of-season clothing. These drawers can be mounted on ordinary roller casters for easy movement. Panels of mirror mounted on the front facing, by reflecting what lies before them, create the illusion that the carpet or flooring is visible beneath the bed.

WHERE THE LIVING and dining room are combined, a free-standing divider can skillfully create two distinct rooms. On the living room side are spaces for book cases and display of indoor plants, while the dining room side is dedicated to shelves for fine crystal and glassware and storage cabinets for china and silver. A similar divider in a bedroom provides additional wardrobe space and separates the room into a private dressing area.

In a small bedroom, it's a simple matter to build a "disappearing" vanity table on the inside of the closet door. The table is simply a glass-topped semi-circular shelf attached to the door at the most convenient height. From it is suspended a colorful cloth "skirt", while on the door above is mounted a panel mirror to aid in grooming. When the door is closed, boxes or shoes on the closet floor are undisturbed by the skirt which gives the vanity a solid appearance when the door is opened.

## Ageds Accidents Can Be Halted, Council Declares

Old folks at home can be a problem.

Many have failing eyesight, deafness, stiffening of the joints and muscles, diminished sense of smell and other physical failings.

According to the National Safety Council, such failings contribute annually to thousands of accidental home deaths.

NEARLY 15,000 persons more than 65 years of age die each year in home accidents. About 11,500 are victims of falls. Fire burns and other deaths associated with fires account for about 1,500 deaths a year. Accidental poisonings, too, are a big problem among oldsters.

How can you help keep senior citizens safe? To prevent falls, the Council said:

1—Increase the amount of light on stairs. Put a light by an older's bed.  
2—Remove slipping and tripping hazards.

3—Install hand rails and grab bars in bathroom and hallway.

BURNS AND FIRE deaths can be prevented by:

1—Following manufacturer's directions for installing and operating home heating equipment.

2—Making sure older persons know the best escape route from the house.

POISONINGS CAN BE prevented, the Council said, if people will take these precautions:

1—Store internal and external medicines on different shelves in the medicine cabinet.

2—Store household cleaning agents away from food or seasonings.

## Gardening in the Desert

It does not appear to be generally known but there are quite a few Bermuda hybrids on the market today that grow sufficiently thick and vigorous to eventually eliminate the chances of the common Bermuda taking hold in the established turf.

Actually there are on the market at least a half a dozen Bermuda grasses, with some slight difference between each of them. It has been claimed for all of them that they grow more slowly than common Bermuda, thus partially eliminating much of the chores that we generally have in tearing the common Bermuda out of tree basins, flower beds and edges of the sidewalk.

THE NEW TYPES cannot be grown from seed, the common Bermuda seems to hang on to that privilege. The new products can only be grown from stolons, pieces of runners and plants.

From a study of these new Bermuda grasses we gather that all of them are slower in growth and not near as difficult to control as the common Bermuda, we should be thankful that none of them seem to have much of a seed head growth such as the common Bermuda seed heads spread, a spread that the wind carries haphazardly and is the bane of his existence to anyone who has a dicentra lawn.

IT WOULD NOT be much good to dig up the ordinary Bermuda lawn and substitute it with any of the new varieties; the old lawns are too deep rooted to be assured that all of the old pest has been cleared from the soil.

We feel that a sandy soil where nothing has grown would be ideal to experiment on, digging, weed clearing, mixing in of humus, peat

moss, steer manure, and leaf mold, watering copiously for about a month and completing an even, flat surface of soil would be necessary before attempting to introduce any of the new Bermudas to our desert.

AMONG THOSE especially mentioned for desert use is the Snyder A 53 — it claims a deep green color in the summer, a flat growth and a fine texture. Apparently it suffers from fungus diseases in summer and has a tendency to turn brown.

Another type, named Ormond Bermuda No. 3, has a bright, deep green and narrower blades than the common Bermuda. It can be planted with plugs or sprigs and

## New Signposts For Kitchen Appliances Given

Homemakers are being given a new set of signposts for buying kitchen cooking equipment.

Rigid standards of excellence in construction and performance of ranges have been established under a Gold Star Awards program.

According to gas appliance dealers here, the Gold Star Awards standards, developed nationally by the American Gas Association, require range manufacturers to meet some 29 individual quality specifications.

Over-all, the Gold Star program is designed as a continuing upgrading promotional program to emphasize new super-quality gas ranges. Qualified ranges can be recognized in stores by a large, five-pointed gold star attached to the appliances.

Some of the 29 requirements necessary for Gold Star status include top burner heat controls, thermostatically controlled ovens, effective smokeless-type broilers, automatic ignition on broilers, automatic ignition oven burners, oven interior lights, thermal efficiency top burners and drawers on ball bearings.

## Veterans Enter Final Loan Year

World War II veterans have entered the final year in which application may be made for a GI home, farm or business loan.

ARCHIE MOORE TUNES up his bout with Yvon Durelle with a cup of "secret elixir"—a potion that smells suspiciously like bouillon and which is obviously aimed at keeping ole Arch within the confines of the 175-pound weight limit for light heavys. Mrs. Moore has joined Arch at his training camp and says she feels "better" after her surgery.

## Archie's Wife To Be Ringside For His Morale

SAN DIEGO (UPI) — Archie Moore's wife, Joan, said Wednesday "no one knows the strain" her operation caused the light-heavyweight champion.

"The last time Archie saw me, the right side of my face was paralyzed," she said.

"I want to be at ringside when he meets Yvon Durelle to show him I'm all right now."

Mrs. Moore said she and a party of nine would leave Sunday by air for Los Angeles, where they will catch another flight to New York.

Mrs. Moore said she was "doing much better" after surgery to remove a non-malignant tumor pressing on her brain.

Moore interrupted training for his return title bout with Durelle in Montreal to fly to San Diego. He stayed until assured his wife was going to be all right.

## NEW VEECK TRICK COOLS STADIUM FOR CHISOX FANS

LOS ANGELES (UPI) — Bill Veeck, flamboyant head of the Chicago White Sox, has ordered 100 evaporative air coolers to keep the fans in Comiskey Park more comfortable.

P. L. Chabre, vice president in charge of sales for the Gaffers and Sattler Utility Appliance Corp., said the first half-dozen of the units were being crated for shipment to Chicago. Each unit can cool 15,000 cubic feet per minute.

"Under good operating conditions," Chabre said, "the entire battery of evaporative units could lower the temperature 10 to 15 degrees in the stands."

## FIGHT RESULTS

United Press International  
LOS ANGELES — Raymond Torres, 334, Reynosa, Mexico, outpointed Paulie Armstrong, 132, Los Angeles, (10).

## THE SPORTS BEAT

# 'Pressure' Doesn't Bother Willie McCovey

By SCOTT BAILLIE

SAN FRANCISCO (UPI) — Willie McCovey, 21, the San Francisco Giant rookie with dynamite in the tip of his bat, laughed off the word "pressure" when he joined the club last Thursday and he still can do it.

"Pressure? It never bothers me," murmured the six-foot, four-inch cobra man that afternoon after he had whacked two triples and two singles off Philadelphia's Robin Roberts.

IT HAPPENED IN the first major league game that McCovey ever had seen and his hot debut rated him a banner line and three-column cut on the front page of one local paper.

Since then, his average has dropped from 1.000 to .462 but he remains cool and unruffled. That figures. The new first baseman crashed two whistling homers off Milwaukee's Bob Buhl Wednesday to bring his number of extra base hits to seven in six games. Five other blows have been singles.

MCCOVEY WAS A one-man riot in the Pacific Coast League until July 30 when the slumping Giants deprived their Phoenix farm club of his talents. Since his advent, San Francisco has won five out of six and was back in first place this morning.

At the same time, Orlando Cepeda has been dispossessed of his regular first base spot and moved to left field after having a bad time at third.

"They're pitching me all over while looking for weak spots," the rather dignified McCovey declared after his big day against Buhl.

"But they all have to throw the ball over the plate."

IT IS A HOMELY philosophy that has come to a native of Mo-

bile who is in his fifth year of organized ball. He was first spied by scouts Alex Pompey and Dale Alexander. The Giants put him to work at Sandersville of the Georgia State League in 1955. He batted .305 there while driving in 113 runs in 107 games.

Then he moved on to Danville, Va., Danias and Phoenix. "Stretch" batted .319 for the Pacific Coast League Club last year and was blasting away at a .377 rate this season when Giants president Horace Stoneham ran up the distress signal.

AT THE END of each game the sports writers open a small convention around McCovey's locker. Slowly he slides his long frame into his street clothes while answering questions in a barely audible voice.

And he plays it smart. Several times he has been asked to compare Coast League hurling with the major league variety.

"I wouldn't be about to know

## North Favored By 7 Tonight

LOS ANGELES (UPI) — The North, boasting a beefy line averaging 211 pounds per man, is a 7 point favorite to whip the South in the eighth annual Shrine California High School All-Star Game tonight.

A crowd estimated in excess of 75,000 was expected for the Coliseum spectacle and sponsor said they wouldn't be surprised if the all-time crowd of 85,931 set in 1957 was surpassed.

The game is set for 9 p. m. Preceding the contest, featuring 49 potential All-Americans, will be parades of Shrine drill teams here in convention.

# Curfew Halts 1-1 Deadlock Between Chisox and Orioles

## 18-Inning Battle Ends In 1-1 Tie

Pittsburgh Swamps Cardinals by 18-2; Giants Beat Braves

United Press International  
Feast or famine — take your pick.

Sometimes a team can't beg, borrow or steal a run as was the case with the White Sox and Orioles, who battled to an 18-inning 1-1 tie in the longest game of the year Thursday night.

AND THERE ARE other times when the poor guy running the scoreboard could use an adding machine as was the case when the Pirates came up with 10 runs in the ninth inning to swamp the Cardinals, 18-2.

Southpaw Billy Pierce and knuckleballer Hoyt Wilhelm were the standouts in the four-hour-eight-minute Chicago — Baltimore marathon, halted by curfew at midnight.

PIERCE, ONCE thought to be "too frail" during the early part of his career, pitched the first 16 innings for the White Sox before giving way to Turk Lown.

The 35-year-old Wilhelm took over for starter Billy O'Dell in the ninth and pitched no-hit ball for 8 2-3 innings before Billy Goodman singled with two out in the 17th.

SAN FRANCISCO stretched its National League lead to a full game with a 7-1 decision over Milwaukee and Chicago beat Philadelphia 4-2. Los Angeles and Cincinnati were not scheduled.

In the American League, Cleveland climbed to within 1½ games of the top with a 5-2 victory over Washington; Detroit blanked New York, 4-0, and Boston nipped Kansas City, 4-3.

## ROBINSON TITLE DEFENSE SLATED

NEW YORK (UPI) — After a lapse of 21 months, Sugar Ray Robinson will defend his "big portion" of the middleweight crown against Paul Pender at the Boston Garden, Dec. 5, "without a guarantee of any kind."

"I've still got a big portion of the championship," said 39-year-old Ray today, "and I'm defending it without a guarantee because I've got a good percentage deal

and because it'll help independent promoters."

The promoters are Sam Silverman and Johnny Buckley of Boston.

Sleek, slender Robinson — who signed Thursday night to defend against the Brookline, Mass., contender, said, "I'm still recognized as champion in New York, Massachusetts, Pennsylvania, Tennessee, Cuba, and continental Europe."

He added, "and next year I hope to regain recognition everywhere."

Robinson's defense against 29-year-old Pender will be his first since he recaptured the 160-pound title from Carmen Basilio at the Chicago Stadium, March 25, 1958.

Kahn was slated to attend a meeting of the board of directors of Rosenbom Enterprises, Inc., to which he was elected Friday.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF RIVERSIDE

In the Matter of the Estate and Guardianship of  
MICHAEL EUGENE CARB, a Minor  
No. 100

Notice of Sale of Real Property at Private Sale

NOTICE IS HEREBY GIVEN THAT on or after August 10, 1959, at 10:00 A.M., the undersigned, Guardian of the person and estate of the above named minor, will sell at private sale to the highest bidder, subject to confirmation by the above entitled Superior Court, an undivided two-fifths interest of said minor in and to all that certain real property situated in the County of Riverside, State of California, described as follows:

The South east quarter of the South-east quarter and the South east quarter of the Southwest quarter of the South east quarter of Section 4, T38S, R10E, S.B.B.M.

Bids and offers are invited for said property and must be in writing and will be received at the office of Slaughter, Schlesinger & Schlecht, attorneys for said guardian, 250 East Palm Canyon Drive, Palm Springs, California, or may be filed with the Clerk of said Superior Court or with the guardian personally at any time after first publication of this notice and before making the sale.

Terms and conditions of sale: Cash in full payment of the purchase price of said property, together with the usual escrow expenses, and seller to furnish policy of title insurance.

A crowd estimated in excess of 75,000 was expected for the Coliseum spectacle and sponsor said they wouldn't be surprised if the all-time crowd of 85,931 set in 1957 was surpassed.

The game is set for 9 p. m. Preceding the contest, featuring 49 potential All-Americans, will be parades of Shrine drill teams here in convention.

By ROBERT A. SCHLESINGER, Attorney for Guardian.

Published August 1, 5 and 7, 1959.

## Colt, Pony Doubleheader Set Saturday

Maywood Teams To Meet Villagers At Polo Grounds

Village Colt and Pony leaguers will line up for a big Saturday night double bill with the Maywood Pony and Colt All Stars at the Polo Grounds.

Youngsters on the Palm Springs Pony League team take the diamond at 6 p.m. against the Maywood Pony All Stars.

AT 8:15, THE Palm Springs Elks-Boys Club Colt team, champions of the Coachella VALLEY Colt League, meets the Maywood Colt All Stars in the doubleheader nitecap.

The Village Pony squad is posed of players, aged 13 and 14, from the Coachella Valley Contractors Association and Palm Springs Giants teams. The Maywood baseballers are members of the tough Golden State League.

ROBERT MORRISON and Neal Bass are Pony team managers. Boys Club Director Ray Lockwood manages the Colt squad.

Charles Morfin Jr. manages the Maywood teams, which are marking their fifth Village visit with Saturday's games.

## Mounties Nip Solons by 4-3; 1½ Games Out

The Vancouver Mounties took a page from Sacramento's favorite book Thursday night, nipping the Pacific Coast League leaders, 4-3, and moving to within one and a half games of the top.

Sacramento, a weak-hitting team that has made the most of its hits all season, garnered only six off winning pitcher Chuck Estrada Thursday night.

Vancouver could rap only five safeties off loser Roger Osenbaugh, but got them in the clutch.

Portland, still in second place one percentage point above Vancouver, missed a chance to gain ground by dropping a 6-1 decision to San Diego.

PRO TENNIS PROMOTER Jack Kramer talks things over with Peruvian Alex Olmedo between sets of current Grass Courts matches. Olmedo has persistently denied rumors that he may turn pro and join Kramer's touring tennis group but he was reported conferring with Kramer "regularly" after last month's ill-fated Clay Courts Championships in Illinois.

## OLMEDO TO FACE YALE NET STAR

SOUTH ORANGE, N. J. — UPI posed of ex-Wimbledon champion — Wimbledon champion Alex Olmedo faced Yale University star Don Dell today in the quarter-final round of men's singles in the Eastern Grass Courts tennis championships with folks asking where the upset lightning will strike next.

Second-seeded Bernard (Tut) Barten of Dallas, Tex., and third-seeded Dick Savitt of South Orange both were shunted to the sidelines Thursday in three-set upsets scored by young rivals.

MIKE GREEN, 22-year-old UCLA senior from Miami Beach, Fla., surprised Barten, the National Clay Courts champion, 3-6, 11-9, 6-4, while young Chuck McKinley of St. Ann., Mo., "dis-

posed of ex-Wimbledon champion Savitt, 6-4, 6-8, 6-4. Green was matched in today's quarter-finals against fifth-seeded Mike Franks of Beverly Hills, Calif., while McKinley opposed sixth-seeded Jon Douglas, the former Stanford quarterback from Santa Monica, Calif.

In the other quarter-final, fourth-seeded Earl Buchholz Jr. of St. Louis, Mo., meets unseeded Alen Morris of Forest Hills, N.Y.

In women's quarter-final matches today, top-seeded foreigner Maria Bueno, the Wimbledon champion from Brazil, meets Belmar Gunderson of Chambersburg, Pa., while top-seeded Sally Moore of Bakersfield, Calif., meets Carol Hanks.

## Chevy's the hottest one on the road

It's the hottest looking, hottest saving, hottest selling of the leading low-priced three.

Have you had a taste of pure engine efficiency recently? Well, it's standard equipment in Chevrolet's lineup of eight lively V8's. These are the powerplants that recently won the NASCAR\* Outstanding Achievement award for "America's most efficient V-type engines."

One, in fact, produces over one horsepower for every single cubic inch of displacement. It's the only American engine to reach such a high level of deep-breathing efficiency.

But whichever Chevy powerplant you pick, you're primed for some of the perkier going you've ever enjoyed, and you'll know it for sure the moment you set your Chevrolet into silk-smooth motion.

Or maybe you're looking for a tightfisted six. Well, Chevy's got just the ticket for you—the savingest six in its field.

And wait, wait till you hook up your favorite Chevy engine to one of Chevrolet's five transmissions, including those precision stickshift gearboxes and ultra-smooth Turbo-glide, among others. We'll leave it

to you to choose your favorite from the five, and don't think you won't have fun doing that!

Oh, there's a long, long list of things to like about Chevy, and your Chevrolet dealer will be more than happy to tell you all about it. Why not make it a point to visit him soon?

\*National Association for Stock Car Advancement and Research.

No wonder more people are buying Chevrolets in 1959 than any other car!

See your local authorized Chevrolet dealer for the best buy on the best seller!

The Desert Sun

11

ASSISTANT CITY PLANNER Dave Hamilton drew this rendering of the intersection of Sunrise Way and the new Tahquitz Drive to indicate how the east-west thoroughfare would look when it is completed. The rendering looks down Tahquitz from the corner of Sunrise Way toward the mountains, and shows the street which will be divided, curbed and planted. Wednesday night the contract for construction of the street was let to the low bidder, Massey Construction company, for \$114,739.40. The city will sell the \$155,000 bond issue and use the balance of the issue to plant the island area on the street. At the bottom of the photo is shown a one-block area of the street indicating the "turn-out" lanes at each intersection.

## Sky Valley Lady Hits Supervisors For Tax Abuses

Taxes paid by owners of property in the Sky Valley government tract area near Desert Hot Springs are "not properly used," declared Mrs. Minette E. Grierson in a complaint received by the board of supervisors this week.

"We don't mind paying," said Mrs. Grierson, "but we don't get anything for it."

"We should receive some benefit from the tax money collected from us. We had to build our own roads and maintain them. We have no sheriff protection. The sheriff in Desert Hot Springs does not have time to cover this area, so we were informed, and we had to hire a private patrolman to scout this area after a number of thefts occurred."

"True," concluded Mrs. Grierson, "we bought this land from the government at low prices, but it has taken quite a bit of hard work and money to develop it."

The complaint was turned over to the administrative officer.

## \$1,000 for Power Irks Supervisors

Electric power bills of about \$1,000 per month for the county's administration branch in Indio this week were deemed by Supervisor Curtis Chamberlain to be too high.

At his suggestion the supervisors asked Administrative Officer Robert T. Andersen to look into the matter.

## GOING TO ALASKA? BETTER TAKE LOTS OF MONEY THERE

If you're planning a trip to Alaska, you'd better "bring money" and carry a round-trip ticket, advises the California State Department of Employment.

Richard Nelson, manager of the department's Indio office, cautioned potential Alaskans that "job opportunities are scarce and living costs are high" in the 49th state.

He advised anyone planning an Alaskan jaunt — either permanent or temporary — to drop into the Indio office and check employment opportunities. But if you're willing to take a chance on the new state, "don't forget that round-trip ticket and plenty of money to meet your expenses," Nelson added.

## NORTH PALM SPRINGS

By ORPHA GEIER

Mrs. Dallas Chronister was host or guest at a cradle shower Monday evening at the Pendergast home, hosted by Ann Messer and Margaret Thaxter. Many gifts were opened by Pat after which a potluck dinner was served.

Mr. and Mrs. Oliver Graves and daughters, Wanda Louise and Billy Janell of Perrytown, Texas, are visiting here at the home of Oliver's sister and family, the Tommy Briggs'.

At a dinner party at the home of Mr. and Mrs. Harold Briggs in Yucca Valley, their daughter Miss Edna Briggs, announced her engagement to Victor Briggs, son of Tommy and Frosty Briggs of North Palm Springs who were also present at the dinner.

Mr. and Mrs. Thomas Fagan and Patti of Aladena were visitors at the William Messer home on Sunday. They took their little granddaughter, Pamela Messer with them for a two weeks vacation to northern California.

Claude Thaxter and Margaret Jamison drove to Mexicali and were united in marriage there on July 28. Claude and Maggie are well known and their many friends wish them much happiness and congratulations.

## La Quinta Road Work Request Gets Referral

A petition for the improvement of Avenida Navarro at La Quinta has been referred to the Road Department by the Board of Supervisors.

The petitioners asked that funds for the improvement be placed in the 1960-61 budget.

"Recent paving has been done in La Quinta of sparsely populated streets," stated the petition, "in some instances where only one residence exists — Temecula for example."

"We feel a fair apportionment of the tax monies for paving should be allocated to the more populous areas. There are more houses on Navarro than any other street in La Quinta and access to them is greatly needed."

## A Thought for Today

WALPOLE, Mass. (UPI) — From The Mentor, Walpole State Prison newspaper: "An electric chair is a good example for period furniture, because it always ends the sentence."

## Parks Return To CC Following Visit to Kin

CATHEDRAL CITY — Ed and Flora Lee Park, who have closed their Cottage Cafe until the latter part of August, returned last week from an unscheduled motor trip of Virginia.

They were called to Fort Story four weeks ago due to the serious illness of their daughter Mrs. Ross D. Killen who is now on the way to recovery. She and her family, Major Ross D. Killen, and son Britt, recently returned from an extended tour of duty in Europe.

## GENDARMES JAIL TOURIST FOR USING COUNTERFEIT CASH

NICE, France (UPI) — Police today held a man identified as Melvin Lightfoot, 20, Cottonwood, Calif., on a charge of passing counterfeit American money.

Police said Lightfoot was arrested when an innkeeper at Villefranche-sur-Mer saw him allegedly exchanging 300 counterfeit U.S. dollars for French francs.

They said the 48,000 francs he got from a restaurant owner in the exchange were in his pockets when he was arrested, as well as \$550 worth of bogus \$100 and \$50 bills.

The number of persons in the United States covered by health insurance has grown from 61 million in 1948 to 123 million in 1956.

## U.S. Will Have Men on Mars

LOS ANGELES — (UPI) — The head of a major U.S. space exploration program Wednesday foresaw the sending of three manned space ships to Mars or Venus some time after 1970.

Dr. Kraft Ehrlicke, chief of Project Centaur, said his studies showed that three ships, all nuclear-powered, are necessary for deep space probes.

"THREE SHIPS will provide for safety, reliability and emergency use," he said. "Two of them would be manned with the third carrying supplies and emergency equipment."

The two manned ships would carry four men each, he told a press conference at the conclusion

of the two-day western meeting of the American Astronautical Society.

THE CONVAIR astronautics scientist said nuclear power was necessary because chemically propelled rockets would take too long — for three order of three years — for the round trip mission.

"The greater power available with nuclear propulsion will cut

the time down to about a year. Any longer than that and we have to worry about how long men and equipment will hold up," he said.

Ehrlicke said the early 1970s was the "rock-bottom" time when such missions will be possible.

The U.S. government began selling postal cards in 1873. The price was a penny apiece until 1952.

# 4 CARS IN 5

don't need premium-priced gasoline any more!

# 4¢ SAVING

on every gallon may be waiting for you right at this pump!

# NEW 7600

GASOLINE

## Try the West's highest-octane regular

Is your car among the 4 out of 5\* which will give knock-free premium performance on Union's New 7600? If it is, you can save up to 4 cents a gallon over premium-priced gasolines!

Try it today — a whole tankful, preferably. It's at your Minute Man station — the sign of the 76, where you know you always get The Finest.

Powered like a premium  
priced like a regular

\*If your car is the 1 in 5 which needs an ultra-high octane premium fuel, go with Union's new Royal 76, the West's most powerful premium. Both new Union gasolines contain exclusive additive NR76, to clean your carburetor chemically, and reduce engine maintenance measurably.
